Syma RC Helicopter-S012 Apache

[Syma S012 Apache Mini 3-Channel Infrared RC Helicopter](#)

Syma have released what they claim to be one of the lightest smallest and easiest to fly RC helicopters the world has ever seen,

The Syma S012 Apache AH-64 Mini 3-Channel Infrared RC Helicopter comes ready to fly out of the box so no need to spend hours trying to build the Helicopter before you begin your flying experience,

The Syma S012 has a pre-installed 3-channel tri-band infrared control and auto stability making flying or hovering easier to master,

The manufacturer is claiming this to be one of the smallest and lightest in its class and at only 6" in length & 5" wide,

The all-new Syma Apache S012 boasts a lightweight lithium polymer battery which will give a 10-minute flight time for a charge of 20-25 minutes, the transmitter requires 6xAAA batteries which are not included and the RC Helicopter is not recommended for children under 3 because of small parts,
